ST-1 STEEL ORIGIN CERTIFICATION: PRIME CONTRACTOR

This form must be executed by the Prime Contractor and submitted to the CIS within 30 days from the date the Professional approves a GSC-23 listing a "steel product". No steel product may be delivered on-site unless DGS has received an ST form. A completed form is required for each type of steel product (e.g., beams, columns, stairways, etc.), from each supplier but not for each piece of steel product.

A. TO BE COMPLETED BY THE PRIME CONTRACTOR:

2. Firm's address:	1.	Name of Contractor's firm		
5. Contract No	2.	Firm's address:		
9. Name & Address of Supplier:	3.	Firm's phone number:	4. Date submitted:	·····
8. TYPE OF STEEL PRODUCT (Check and complete one (1) applicable category): 10. Identifiable steel product: 100% of the steel in the product is identifiably marked as manufactured in the United States. a. Other documentation required: NONE b. Manner in which steel product is identifiable: (1) Stamped "Made in U.S.A." (2) Stamped "Made in U.S.A." (3) Other. Explain: 11. Non-identifiable structural steel; Less than 100% of the steel contained in the product is identifiable as provided above. Structural steel is defined as steel products used as a basic structural element of a project (i.e., steel beams, columns, decking, stairways, reinforcing bars, structural lintels, pipes, etc.) a.
