

## Powers Lag Shields

The **Lag Shield™** is a screw style anchor designed for use with lag bolts. It is suitable for use in concrete and the mortar joints of block or brick walls. Lag Shield™ anchors are formed from Zamac alloy. In harder masonry materials, short style. Lag Shields are used to reduce drilling time. The long style version is used in soft or weak masonry to better develop strength.

Item #	Description	Qty. Per Box	Price Per Box
