## NEW! M12™ Realtree Xtra® Camo 3-In-1 Heated Jacket

### M12™ Heated Vest, Outer Shell And Zip-Off Hood

The first customizable heated jacket system can be worn separately as a base layer or attached to the outer shell and zip-off hood. Five carbon fiber heating elements and advanced fabric-layering technology distribute and maintain heat across core body areas. Noise reducing fabric with Realtree Xtra® Camo pattern is wind and water resistance with a thermal fleece lined vest to keep elements out and hold heat close to the body. Provides up to 6 hours of continuous heat per battery charge and includes a battery fuel gauge to display battery life as well as a built-in USB port for charging portable electric devices. All pieces are machine washable and dryable. Sold separately or with battery and charger.

M12™ Realtree Xtra® Camo 3-In-1 Heated Jackets Sizes S-3XL Available

Part No.	Description	Price
2386	M12™ Realtree Xtra® Camo 3-In-1 Heated Jacket Only (battery and charger sold separately)	\$249.00
2387	M12™ Realtree Xtra® Camo 3-In-1 Heated Jacket Kit with M12™ Compact Battery & Charger	\$299.00

**Delivers All Day Heat for the Work You Do**

## M12™ Cordless Heated Hoodies

The M12™ Cordless Heated Hoodie integrates three carbon fiber heating elements between a durable cotton exterior and waffle-weave thermal liner to distribute and maintains heat across core body areas. An adjustable heat zone spans the chest and back to provide the right amount of heat for any season. In fall and spring months, the M12™ Heated Hoodie can be worn as a rugged outer layer. In the harshest winter conditions it works best as a solitary base layer that allows you to shed bulky undergarments while generating and holding heat close to the body. On or off the jobsite, the M12™ Heated Hoodie provides up to 6 hours of continuous heat per battery charge. Hood fits easily over hard hats. Machine washable and dryable.

M12™ Black Heated Hoodie

M12™ Realtree Xtra® Camo Heated Hoodie

M12™ Realtree Max-1® Camo Heated Hoodie

## M12™ Heated Jackets Provide Up To 6 Hours Of Continuous Heat In A Rugged Jobsite Design!

The M12™ Cordless Heated Jacket has been redesigned for optimal fit and better heat retention. Five integrated carbon fiber heating elements with advanced fabric-layering technology distribute and maintain heat across core body areas. Zone specific heat control provides the right amount of heat for any weather. A rugged wind and water-resistant shell keeps weather out while improved insulation and a thermal fleece lining hold heat in the maximum warmth and reduce the number of layers needed. Provides up to 6 hours of continuous heat per battery charge to withstand even the harshest winter conditions. Each jacket includes a battery fuel gauge to monitor battery life and built-in USB port for charging portable electronic devices. All M12™ Heated Jackets are washer and dryer safe. Sold separately or with battery and charger.
