### HangerMate

HangerMate® anchors were designed to speed installation of fire sprinkler, HVAC, refrigeration, general piping, and electrical systems. They can also be used to install strut channels, cable trays, suspended ceiling grids, bridle rings and eye-rods.

HangerMate® anchors can replace beam clamps, powder-actuated stud pins, eye sockets, or ceiling flanges, and eliminate labor-intensive operations such as pre-punching or drilling of steel components.

Item	Size	Steel	Wood	Concrete	Box Qty.	Box Price	Price Each
